

INTERNATIONAL TRADE FAIR FOR
LOGISTICS, TRANSPORTATION AND
HANDLING IN THE PETROLEUM INDUSTRY

30 SEPTEMBER TO 2 OCTOBER 2010
MESSEHALLEN KASSEL, GERMANY

4th expo PetroTrans invites to Kassel

**Due to stable figures in petroleum trade expo PetroTrans 2010
continues positive development**

Commercial vehicle trends, premieres, test runs – be part of the experience! Following this call the world of logisticians and carriers of petroleum is gathering from 30th September to 2nd October 2010 in Kassel again. Regarding the 4th edition of expo PetroTrans authorities expect over 100 exhibitors and about 4.000 visitors this year.

Being the only German trade fair for logistics, transportation and handling in the petroleum industry expo PetroTrans today belongs to the leading European branch meetings. Within the wide range of exhibits the segments petrol facilities, vehicles, equipment, transport logistics, maintenance, repair, consulting, software for petrol and fuel trade and lubricants represent excellent offers. The number of registered exhibitors for expo PetroTrans 2010 is developing positively and can be compared to the anterior show. Therefore the trade fair is opposing current economic trends.

Old and new

One of many highlights for visitors: expo PetroTrans this year refers to a lot of people's affinity to old things. A commercial vehicle - classic car - museum within the hall and on the track of the exterior area a classic car race are being planned.

Moreover the already established innovation award is starting a new turn. Exhibitors present their innovations online ahead of the trade fair and later directly at their stands. Visitors choose during expo PetroTrans from the presented innovations three favourites. Participation will be awarded.

Online-advance sales start at the beginning of April – trade fair tickets will be available at a prize of 12,00 Euro incl. VAT. The admission charge already includes the exhibition catalogue.
